## MARKSMEN FROM HAWAII SCORE AT FLORIDA MATCH

Sgt. Thomas J. K. Evans Winner of National Individual Medal, and Will Be Member of All National Guard Team

SGT. JAMES HO STANDS NEAR TOP OF BIG LIST

Gets Twenty-sixth Place Out of Field of 728 Competitors; Evans Will Face Crucial Test at Big Match on Friday

(Special Wireless to Star-Bulletin). JACKSONVILLE, Fla., October 20.—In the national individual match of the National Rifle Association shoot here yesterday, Sgt. Thomas J. K. Evans of the Hawaii team made the highest score, winning the national individual match medal.

Sgt. James Ho, out of a field of 728 competitors, stood twenty-sixth in the same match. Evans is placed on the All-National Guard team to compete in the united service match to be held Friday in competition with the U. S. Army, Navy and Marine Corps teams. Both Ho and Evans are members of the 1st Infantry, National Guard of Hawaii.

Lieut. Col. William R. Riley, commanding the 1st Infantry, N. G. H., has been elected a director of the National Rifle Association.

The above despatch received today by the Star-Bulletin from Capt. Laurence W. Redington, assistant to the adjutant-general and special correspondent of this paper at the national rifle competition in Jacksonville, created the greatest enthusiasm at National Guard headquarters when shown to National Guardsmen at the armory by a Star-Bulletin reporter.

First Time in Service Match.

The splendid record made by Sgt. James Ho of Company F, 1st Infantry, in winning 26th place out of a field of 728 competitors, and Sgt. Thomas J. K. Evans, who won the national individual match medal yesterday, means that the National Guard of Hawaii, for the first time in its history, has a representative on the All-National Guard team in the united service match.

It also means that both men will bring back more medals and cash prizes than have ever been won before by the Hawaii team. "We'll sure have to give them a huan when they get back," was the way one National Guardsman expressed his jubilation on hearing the news.

By winning the national individual medal, Evans becomes eligible to enter the united service match as a member of the All-National Guard team consisting of the 16 National Guardsmen shooting the highest scores in the national individual match.

Big Shoot on Friday.

These 16 men, representing all National Guards of the United States, will shoot Friday against teams selected from the U. S. Army, Marine Corps and Navy. Sgt. Ho will not be on this team, but his achievement is nevertheless a remarkable one.

Distance and order of fire for the national individual match are as follows:

Rapid fire, 200 and 300 yards; 10 shots at each range, with no sighting shots.

Slow fire, 300, 600 and 1000 yards; 15 shots at each range, with no sighting shots.

Sgt. Evans will bring back a gold medal to Honolulu as his reward for winning the national individual match. He also receives a prize of \$60 in gold coin, and has a chance to win the gold medal for the highest score in slow fire and a \$20 prize, also a gold medal for the highest aggregate score in rapid fire, this including a \$20 cash prize.

This is the sixth year that Sgt. Evans has been a member of the Hawaii rifle team, and his success on this occasion has made his fellow national guardsmen extremely proud of him.

Sgt. Evans was a member of the team in 1907, and again in 1908, 1909, 1910, 1913 and this year.

Mr. Roehl will fill the position left vacant by the recent resignation of Johannes F. Eckardt. Mr. Smith says that it is not known just when Mr. Roehl will arrive in Honolulu, but he expects that it will be within the next few weeks.

## WITNESS FOUND HIDING BEHIND CLOTHES PRESS

Hieshima, Wanted for Scully-Chilton Case, Questioned at Seance After Midnight

TELLS ONE STORY, THEN DECLARES IT ALL A LIE

Promptly Committed to Grand Jury on Perjury Charge By Judge Ashford

George Hieshima, the Japanese who testified for the prosecution in the Scully-Chilton conspiracy case today, has been committed to the grand jury by Circuit Judge Ashford for investigation on a charge of perjury. Hieshima's bond has been fixed at \$1000. This makes the second witness to be committed on a perjury charge. K. Nakamura was committed yesterday.

In the "wee sma" hours this morning—about the time when the roosters were beginning to crow and the milkmen were starting on their rounds—a seance conducted by Attorney W. T. Garden was held in the office of the city and county attorney.

George Hieshima, the "missing witness" for the prosecution in the Scully-Chilton conspiracy case, and who was alleged to have jumped out of a window when Detective Harry Lake was notoriously chanting through a subpoena, had been found.

Therefore, when the conspiracy trial was resumed in Circuit Judge Ashford's court this morning the prosecution moved for permission to reopen its case in order that it might call and examine Hieshima.

Deputy City Attorney Garden opened the firework by declaring that, should proof be asked for, he would prove that the "missing witness" could not be located for the reason that he had been in hiding for an entire week and that Willmot R. Chilton, one of the defendants, had requested him so to hide.

Hiding Behind Clothes Press.

It developed during the examination of Hieshima that about midnight last night Detective Lake, accompanied by a Japanese sleuth and Liquor License Inspector W. F. Fennell, had visited a house in a lane in Vineyard street, near the White Seal Laundry, and had found Hieshima hiding behind a clothes press in a room in the place. Lake read the subpoena to the Japanese.

The Japanese and the officers then went down to the city attorney's office, where the mysterious seance was held. It was testified that those present at the meeting were Carden, Lake, Fennell, Attorney Charles Chillingworth, Police Officer Kellett and the Japanese detective.

Attorney Carden this morning produced a letter written on the stationery of the erstwhile Walkiki Inn and dated September 1, 1914, which read as follows:

"The day that I was a witness before the license commission in behalf of the licensee in question at the meeting, Scully told me to go and

## WIFE MURDERER KILLED SELF IS JURY'S VERDICT

Elia Long Died By Own Hand, is Decision Reached After Four Sessions

After an exhaustive investigation, which required four sessions and during which every person who might throw light on the tragedy at the Long home in Manoa valley last Friday was called as a witness, the coroner's jury today brought in a verdict that Mrs. Agnes Long was murdered by her husband, Elia Long, and that he then committed suicide by stabbing himself.

Those who served on the jury summoned by Coroner Rose were A. V. Gear, C. C. Laddington, Harry Gehan, H. N. Crabbe, Levi Perkins and J. Elson.

At yesterday's session of the coroner's jury no new light was thrown on the manner of death of Elia and Agnes Long. Manuel Rosa, a Christian and George Rosa were on the stand, but none of them could give any detailed account of the murder. Christian, who was last in the house, repeated his previous statement that he had seen Mrs. Long run from the house with her husband in pursuit, and a few minutes later Elia Long had come back, pulled a box of cartridges from the shelf, got his shotgun and had then fallen to the floor. When Christian left him Long was lying on the floor in his nightshirt, covered with blood, and was beating his chest with his hand. Christian did not know whether he had a knife.

Mrs. A. K. Woolsey's testimony that Antonio Long said to her when he came to her house after the murder,

## NAVY INCREASE PLANS TO COST \$120,000,000

Total Appropriation for Year is Expected to Total About Quarter of Billion

SEVENTY MILLION FOR FOUR BIGGEST VESSELS

Two Dreadnoughts, Two Battle Cruisers and Five Third-Class Cruisers Wanted

By C. S. ALBERT. (Special Star-Bulletin Correspondence) WASHINGTON, Oct. 7.—National defense has loomed large upon the horizon here during the past seven days. Indications are that this intensity of interest will continue and grow, until the problem finally is determined by congress next winter.

The National Defense League, with several auxiliaries, held a session here. The newly selected naval advisory board saw the president and held its first meeting for outlining plans. To this board the president made a speech in which he favored a larger army and navy, saying the United States must be prepared for all future contingencies. The president, Secretary Daniels and Chairman Padgett of the house naval affairs committee met and discussed the degree of increase which should be recommended for the navy. Officials of the G. A. R. urged better preparedness.

Views of Administration.

The conference between the president, Secretary Daniels and Chairman Padgett was important because its eventual results will outline the administration's views concerning naval betterment. The program will not be definitely arranged for ten days or two weeks. The best judgment of officials and naval experts points to this outcome:

A tentative program for the next fiscal year provides for either \$112,500,000 or \$120,000,000 for the "increase in the navy."

The sum provided for the increase in the navy for the year 1915-16 was \$98,000,000.

This year's program, if carried out, would probably authorize:

For the construction of 2 dreadnoughts and 2 battle cruisers at a total cost of \$70,000,000.

Five cruisers of the third class, at a

## JAPANESE SHIPS BRING CHINESE GOODS TO HAWAII

Nippon Maru First Vessel of That Line to Handle Chinese Freight for Many Years

Because there is no other way left now to bring Chinese merchandise here from China, Chinese merchants of Honolulu are shipping goods made in the Republic of China to this port in Japanese bottoms.

Before the T. K. K. liner Nippon Maru sailed at 9 o'clock this morning, she unloaded 502 packages of genuine Chinese goods, shipped to local Chinese merchants from Hongkong. In the shipment, which totaled about 25 tons, were 200 bags of Chinese rice, 75 cases of Chinese wine, and a large quantity of general merchandise manufactured in China.

"We have had one or two small lots of Chinese goods come in lately in Japanese steamers," said a customs official today. "Since the Pacific Mail went out of business, the only means of shipping Chinese goods here from China is to patronize Japanese boats, or else ship the goods to Vancouver first and then here by means of a tramp steamer or other freighter."

Deputy Collector of Customs R. J. Taylor said this afternoon this shipment is the first sizable one which has come from China in Japanese bottoms in many years, Chinese tonnage having come on Pacific Mail boats.

The Italian offensive along the Tyrolean front is believed to be the beginning of the execution of a plan by Gen. Cadorna, the chief of staff, for the invasion of Austria, which he has always declared was the best way of assisting Serbia.

The capture by the Italians of Pregasina threatens Riva, while the taking of Brentonico and Castle Dosso, 2500 feet above, threatens Rovereto. Should the Italian campaign here succeed, Italy will command the route to Mori and the principal railway of Trent.

The results of the offensive thus far indicate that the Austrians may be obliged to triple their forces to meet it.
